MANNA

WHO GOD IS

Janis T.

Pursuing a deeper relationship with God is a lifelong journey. Unfortunately, many believers become content with a limited or surface-level connection. While they may seek God for answers to prayers or relief during a difficult season. They often do not consistently pursue Him through daily engagement with His Word and prayer. Missing out on this deeper relationship represents a significant loss of spiritual growth and blessings.

Never be afraid to trust an unknown future to a known God. --Corrie ten Boom
